

November 9th, 2015

Dear Monique,

Thank you so much for sending your Flat Stanley to me! What a fun project. I had such a great time touring around Seattle with Flat Monique, that I hope to do this project with my class later in the year. Could I send Flat Ms. Membrey to you?

I tried to take as many pictures as I could with Flat Mo, but there were a couple times that I either didn't have Flat Mo with me, or I didn't have my phone. I took Flat Monique to the gym when I went running, she went for walks in the park to see the beautiful Fall leaves, she spent a lot of time cooking and baking, and she even helped me teach a couple lessons to my 3rd graders!

I hope these pictures help your class learn about the world around you, just as I hope you will be able to help my class later this year.

I hope you are doing well! Say hello to other "buzzing bees" from our 1st grade class for me!!

Love,
Ms. Membrey
