Picture Day +  
Materials Pick-Up

Thursday, October 15th

Afternoon classes CANCELLED  
Moveathon shirt pick-up  
Materials pick-Up

Friday, October 16th

NO SCHOOL

### WE'RE LEARNING!

In Math, we have spent the last week focusing on the many skills with Place Value. We are trying to include games and review where there is time!

In Reading, we are getting into the weekly routine of spelling, story-of-the-week, grammar, comprehension skills and strategies, and spelling tests!

We complete one full week with our new materials and organization is something we will continue to work on. Any additional help or reminders you can give your child to keep packets in appropriate folders, keep materials nearby, find a materials set-up that allows for easy grabbing and working - that would be incredibly helpful!

Our STAR testing has begun and I am proud of how students are taking their time, reading questions aloud, and working out math problems on scratch paper. Teachers will share STAR information with you at conferences!

### REMINDERS

*There are no office hours or newspaper meetings for the next couple weeks due to STAR testing.*

Double check that your child:

- Has a Reading, Math, and Homeroom Google Classroom
- Is turning work into each of those classes
- Knows how/where to find assignments and times for class

### TABLE TALK

What are you able to do well **right now**?  
What are you not able to do **yet**, but are working on?
