Arrive by 5:30pm, Christmas Best!

Friday, December 16th

Last Day before Christmas Break
(full day)

WE'RE LEARNING!

Math

We are in the depths of learning processes, strategies, and properties of Multiplication and Division. We play a lot of games to learn facts and are having a great time!

Reading

Our focus this week is Elements of Drama. We will try to identify different elements as we read a play!

Writing

We are still practicing Descriptive Writing. We are focusing on adding a lot of detail to our writing to appeal to our five senses. This week, we create a Pet Monster!

Science

Groups of students will be creating climate zones this week! Some temperate, some polar, some tropical!

Religion

We begin our Advent activities this week.

Community

We continue to think about how we can Serve, Lead, Love, and Learn each day as we prepare our hearts this Advent.

REMINDERS

You are welcome to join us each morning for our Advent Prayer Circle. It is at 8:30am in the quad!

TABLE TALK

This section is for a conversation piece you can talk about at the dinner table.

The first candle in Advent symbolizes "HOPE" > What is your hope for this Advent season? What do you hope for?
