Thursday, April 6th

Holy Thursday

Friday, April 7th

Good Friday - Stations of the Cross at Noon
You are welcome to join!

April 10-14th

Spring Break!

WE'RE LEARNING!

Math

Measurement is a quick unit! We learned how to measure Capacity, Mass, and Length.

Reading

After finishing the last chapter of The Mouse and the Motorcycle, we will do a fun character project to sum up what we read.

Writing

Poems in all shapes and sizes with week with Diamante poems and shape poems!

Science

While our lessons contain elements of how animals behave to help them survive, the star of the show are our growing plant and wiggling caterpillars! Our new focus will be on how the environment can influence traits!

Religion

We spend our Religion time writing in our Lenten Reflection journal, praying the Stations of the Cross, and traveling to different countries learning how CRS supports their livelihood.

Community

Respect & Kindness

REMINDERS

**The mornings are still cold, even if the afternoons warm up!
Please remind your child to grab their sweatshirt or coat for that chill (and sometimes rainy!) first recess!**

TABLE TALK

This section is for a conversation piece you can talk about at the dinner table.

Am I putting my best effort into my work?
